

KONE SIGNALIZATION

KSS 280

KSS 280 SIGNALIZATION

This functional new signalization family for residential buildings combines clear and simple features, good visibility, and easy accessibility with a sophisticated design.

KSS 280 signalization features durable finishing with hairline stainless steel surfaces and alphanumeric LCD displays.

The car operating panel (COP) can be surface mounted (KSC 286) or flush mounted (KSC 276), while the landing stations are surface mounted on the wall or door frame.
